

Summer Food Service Program Comments

Open Door Youth Gang Alternatives

The Summer Program was a huge success, thanks to the Food Bank of the Rockies. The box lunches we received were fun, nutritious and the kids loved them. Thank you.

Terri Wash
Program Director

Moorhead Recreation Center

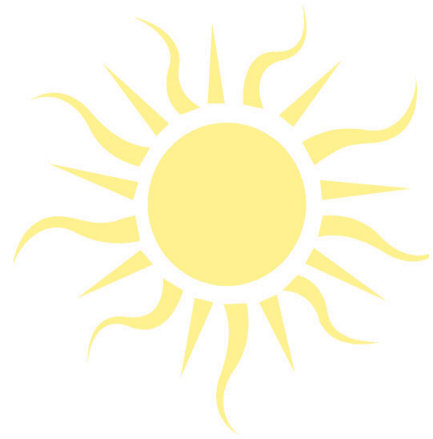

Hello,
We here at Moorhead Recreation Center utilized the Summer Lunch Program and had a great experience. We were able to send about 80 youth to the Summer Lunch Program. Both youth from our center and our summer camp utilized the service and said it was good. The summer camp program served the homeless and youth in transition housing so we know for them this was a much needed service. We would like to do this again and hope that you can expand the service to offer it more weeks during the summer. Special thanks to the staff at Fletcher for being welcoming and doing a good job with our youth.

Thanks,
Ruben L. Medina

Jefferson County Public Schools

Connie,
Having the back pack program was very positive for the community. Often times we see the counts for the summer program drop off as we pass the Independence Day Holiday. Counts at Lawrence and Russell remained strong and steady throughout the summer.
